A note from the director:

Thank you for your interest in Dental Replacements Training Academy, Inc. If you are interested in pursuing a career in Dental Assisting this is where your future begins. Our goal is to provide you with the skills, support and hands-on training necessary to begin a successful, rewarding career.

You will find our program(s) and curriculum well planned and intuitively organized to achieve maximum learning in the time frame that allows you to start your career as soon as possible. Our experienced and professional staff will ensure that you receive the highest quality instruction available with a strong emphasis on practical application and "hands-on" training in the real dental environment.

As your graduation date nears, DRTA, Inc. will provide you with the support you need to turn your newly acquired skills and training into a rewarding career. During your training you will have the opportunity to meet dental professionals, tour dental offices, and will have the opportunity to observe and actually work in a dental environment before you graduate. You will also be able to practice mock interviewing skills and complete a resume.

If you are willing to make a commitment to your education and career, we here at Dental Replacements Training Academy, Inc. will do everything we can to make your future in Dental a reality. Again, thank you for your interest in DRTA, Inc., and we look forward to getting you started with your training.

Sharon Francis, RDA, CDA
Director
